### MAKING A STUDY OF STATE SEALS

A study of seals used by State officials of Kentucky is being made by C. M. Sax, head of the art department of the University of Kentucky in an effort to design a suitable seal for the use of the University and possibly the State. The seals now in use, according to Registrar Ezra L. Gills, vary widely in their designs. All contain the picture of two men shaking hands and have the motto, "United We Stand, Divided We Fall," around the edge as prescribed by the first legislature of Kentucky. It was pointed out, however, that one of the men pictured on the seal used by the university, is attired in a modern dress suit which the art department head said did not come into use until long after the first legislature had gone out of existence. The other figure is dressed in colonial clothing.

### INCREASE IN ATTENDANCE ONE HUNDRED PER CENT.

The Kentucky State law requiring each county in the State to have an attendance officer has resulted in an increase in average attendance at the public schools of more than 100 per cent. over last year, according to incomplete figures received at the office of the State Superintendent of Public Instruction Colvin, who said in making known the averages, the average attendance was 37 per cent. of the children of school age. Thus far this year the average reported has been between 85 and 90 per cent.

People who are forever finding fault with their present surroundings are niggers, whiners, complainers. Folks who can see nothing worth while in the present are sour on the world.

### PLANNING TO REDUCE NUMBER OF AUTO THEFTS

As a solution to the problem of checking the vast number of automobile thefts throughout the country the National Automobile Chamber of Commerce has decided on the encouragement of uniform State laws to control the exchange of used cars.

This decision is the result of an exhaustive study of the subject by the Chamber. The investigation followed the realization that stern steps would have to be taken soon to curb the ever-increasing number of thefts due to the laxity of the present laws. To help State legislatures in this effort, the Chamber has drawn up a model anti-theft law which will be presented to all State assemblies at their next sessions. The law, as drafted, is intended especially to regulate the purchase and sale of used motor vehicles and parts. It provides for the licensing of the business of dealing in second-hand vehicles, and prohibits the removal, mutilation or altering of makers' numbers.

A State motor vehicle commissioner, provided by this law, is to have charge of all records of sales and exchanges of used cars, of all cars held in storage or for repair.

Affidavits describing the automobile to be transferred from one person to another must be filled out by both persons in the transaction and with the details of the transfer, must be filed with the State Motor Vehicle Commissioner.

In case of theft of a car, the motor vehicle commissioner of every State is to be notified and given a description of the State in which the theft occurred. On the recovery of a stolen car, all commissioners are to be notified.

Under the same law, every garage or repair shop must keep a descriptive record of every car left for storage or repair and must report to the police if they find an identification mark or number mutilated or changed.

## ARE YOU RHEUMATIC?

Many Pangs That Pass For Rheumatism Are Really Due to Kidneys.

Is it rheumatism?  
Not every pain is.  
Weak kidneys let uric acid collect.  
Uric acid causes many queer pains.  
In the thigh it's sciatica;  
In the back, lumbago;  
In the nerves, neuritis.  
Gout, gravel, dropsy are uric troubles.

When you suspect the kidneys use Doan's Kidney Pills—  
The home-recommended remedy.  
Paris testimony is the best proof.  
Ask your neighbor.

Read this Paris woman's story:  
Mrs. J. N. Reynolds, 255 Winchester street, says: "I have found Doan's Kidney Pills to do me more good than any remedy I have ever used and I recommend them highly. I suffered from rheumatic pains and kidney trouble. I could always tell when the weather was going to change, as my limbs would become very painful. I would become dizzy, especially when I first got up in the morning. My kidneys were not acting regularly, either. I was not long in getting relief after I began using Doan's Kidney Pills and felt better in every way after using them."

### THE WORK HABIT

The city child has no work to do but go to school. It is more bother to teach children to clean house and cook food than it is to do it yourself. Consequently the great majority of city children get up to the high school age before they are given any regular tasks.

In the country there are little chores in the garden and about the place which a child can do at a much earlier age. The work habit becomes inbred. He forms a habit of doing helpful things instead of spending his time playing games. The early formed habit of industry, and habits of observation and skill thus acquired, give the country boy and girl superior powers of achievement.

### STATE DEBT IS NOW SIX MILLIONS.

The State of Kentucky has an indebtedness of \$5,454,438.37 in interest-bearing warrants. Of the amount \$1,529,353.68 are in school warrants. Last month the indebtedness was \$5,451,082.72.

State Auditor J. J. Craig announced the balances in the different funds of the government as follows: School fund, \$59,616.17; sinking fund, \$216.91; food fund, \$455,431.22; general expense fund, \$230,294.28.

## DOES NOT THINK IT HAS AN EQUAL

Carthage Woman Is Overjoyed By Her Wonderful Recovery Since Taking Tanlac

"I am just so overjoyed to get my health back that I feel like telling everybody about Tanlac," said Mrs. Ella Sigler, of 311 Orchard Street, Carthage, Mo.

"Six months ago I had a spell of influenza which left me in a terribly run-down condition. I never felt hungry and the little I forced myself to eat seemed to do me more harm than good. My nerves were so shattered that sound sleep was out of the question and I became so weak I don't think I could have kept going much longer if I hadn't got Tanlac."

"So many of my friends had been helped by Tanlac I decided to try it and it's remarkable how it has built me up in just a short time. My appetite is splendid now, my digestion seems perfect and I have gained ten pounds in weight. My nerves are strong and steady and I sleep at night like a baby and I feel as well as I did before I had the influenza, if not better. I don't believe there ever was as good a medicine made as Tanlac."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

### PRICE OF CANNED GOODS MAY FALL

Prices of canned goods will be no higher and may be somewhat lower in the coming months, according to Walter J. Sears, of Chillicothe, O., president of the National Canners' Association.

Standard inspection, voluntary on the part of association members, will be inaugurated in this year's output, it was announced.

Canned goods prices are at a very low ebb on account of lack of markets and the necessity of canners liquidating their finished product, according to H. A. N. Dally, president of the National Association of Canned Food and Dried Fruit Brokers, who spoke before the opening session of the Western Association of Canners at Chicago.

"Government selling of surplus war material demoralized the canned food industry," he said. "These goods are nearly all absorbed now and business is regaining its lost ground."

### KENTUCKY SCHOOL SURVEY IN PROCESS

Survey of Kentucky schools in accordance with provisions of legislation enacted by the last Legislature now is being made by workers in several counties throughout the State.

Workers visiting a county make a thorough canvass of the schools and ascertain what to recommend for improvement of educational facilities in that territory. When the survey has been finished the canvassers will make their report to the Educational Survey Commission, and this committee, through its chairman, will report to the Governor and the Legislature.

It probably will require the greater part of next year to complete the survey, in which event the reports likely will be ready for submission to the Governor before the General Assembly meets in January, 1927.

With the report the commission will file its recommendations for such improvements as are found necessary for the schools. Among members of the commission are: Dr. W. A. Canfield, president of Centre College, and Alex. Barret, retiring member of the Board of Education of Louisville.

### MUST HAVE LICENSE TO SELL STOCKS.

All corporations selling stock in Kentucky which are not listed with recognized stock exchanges must secure licenses from the Blue Sky Department of the State Banking Commission under an order issued by Banking Commissioner James F. Lewis. The order resulted from the effort of one corporation to sell stock in Kentucky and pay 30 per cent. commission instead of the legal 20 per cent. the order states.

The house that wishes to raise and enjoys good business must have representatives who are known for their truthfulness.

### COLVIN SAYS SCHOOLS HAVE LOST THOUSANDS.

Failure of county school superintendents in the past to report each railroad, telegraph, telephone, pipeline, interurban and other public service corporations running through any graded school district, has caused the schools to be robbed of thousands of dollars, according to Superintendent of Public Instruction George Colvin. The law requires the superintendents to make such reports to the railroads, who in turn must include them in the returns to the tax commission.

Superintendent Colvin says: "This does not seem to have been done in the past, and corporations have escaped paying taxes that graded school districts were legitimately entitled to receive."

Each superintendent is requested by Superintendent Colvin to send him at once the boundaries of all graded school districts in their county, with the name of the railroad company, the telegraph company, the interurban line company or other public service corporations running through each and every one of these districts. Superintendent Colvin says that if he can get this information before the tax commission by January 1, it will mean the recovery of tremendous sums of money for school purposes.

### STATE TO BE DISTRICTED FOR CLUBS

Kentucky will be districted by the Association of Commercial Secretaries of Kentucky and a secretary assigned to each district to organize commercial associations in towns and cities where none exist. This is the first move of this kind ever made in the United States.

Progress of the plan was told at the headquarters of the organization recently. A number of secretaries have volunteered for the work, and the campaign to give every city in the State a board of commerce, chamber of commerce or commercial club probably will be launched January 1.

Kentucky has fewer commercial organizations than any surrounding State. The secretaries' organization expects to complete its campaign and place Kentucky in a class by itself by February 1.

Following the "good fellowship" tour of the organization in Central Kentucky in the spring, the Lexington Board of Commerce assisted in the organization of commercial clubs in Paris, Mt. Sterling and other towns in the section.

### SHERIFFS MAKE SETTLEMENT

Twenty-seven Sheriffs have settled with State Auditor J. J. Craig for the 1926 taxes due. Since December 1 the amount collected totals \$1,279,589.38 and Sheriff's revenue collected prior to December 1 amounted to \$1,347,705.13. The total amount collected from this source since July 1 is \$2,627,314.51.
